ERM Certification and Verification Services Limited ("ERM CVS") was engaged by VMED O2 UK Limited ("Virgin Media O2") to provide limited assurance in relation to the Selected Information set out below and presented in Virgin Media O2's Addendum to the Green Bond Progress Report as at 31 December 2025 (the "Report").

ENGAGEMENT SUMMARY

Scope of our assurance engagement	Whether the following Selected Information is fairly presented in the Report, in all material respects, in accordance with the reporting criteria. Our assurance engagement does not extend to information in respect of earlier periods or to any other information included in the Report.
Selected Information	• Net Proceeds of the private taps in July, August and September 2025 of Virgin Media O2's 2024 Green Bond and of the Vendor Finance Notes issued in January 2026 (£m) • Total Scope 1 and 2 (location-based) GHG emissions (tonnes CO2e) • Fixed-line customer relationships (number) • Scope 1 and 2 (location-based) GHG emissions per fixed-line customer (tonnes CO2e / number of fixed-line customers) • Scope 1 and 2 (location-based) GHG emissions per Petabyte of data (tonnes CO2e / Petabytes of data) • Electricity use per Petabyte of data (kWh / Petabytes of data)
Reporting period	• Net Proceeds: as at 30 June 2026 • Selected Impact Metrics: 1 January 2025 – 31 December 2025
Reporting criteria	• Virgin Media O2's Green Bond Framework (August 2022) • International Capital Market Association (ICMA) Green Bond Principles (June 2025) • Virgin Media O2 Reporting Criteria 2025 for the Selected Impact Metrics
Assurance standard and level of assurance	We performed a limited assurance engagement, in accordance with the International Standard on Assurance Engagements ISAE 3000 (Revised) 'Assurance Engagements other than Audits or Reviews of Historical Financial Information'. The procedures performed in a limited assurance engagement vary in nature and timing from and are less in extent than for a reasonable assurance engagement and consequently, the level of assurance obtained in a limited assurance engagement is substantially lower than the assurance that would have been obtained had a reasonable assurance engagement been performed.
Respective responsibilities	Virgin Media O2 is responsible for preparing the Report and for the collection and presentation of the information within it, and for the designing, implementing and maintaining of internal controls relevant to the preparation and presentation of the Report. ERM CVS' responsibility is to provide a conclusion to Virgin Media O2 on the agreed assurance scope based on our engagement terms with Virgin Media O2, the assurance activities performed and exercising our professional judgement.

OUR CONCLUSION

Based on our activities, as described on the next page, nothing has come to our attention to indicate that the Selected Information is not fairly presented in the Report, in all material respects, in accordance with the reporting criteria.

OUR ASSURANCE ACTIVITIES

Considering the level of assurance and our assessment of the risk of material misstatement of the Selected Information a multi-disciplinary team of sustainability and assurance specialists performed a range of procedures that included, but was not restricted to, the following:

- Evaluating the appropriateness of the reporting criteria for the Selected Information;
- Interviewing management representatives responsible for managing the Selected Information;
- Interviewing relevant staff to understand and evaluate the management systems and processes (including internal review and control processes) used for collecting and reporting the Selected Information;
- Reviewing of a sample of qualitative and quantitative evidence supporting the Selected Information; and
- Reviewing the presentation of information relevant to the assurance scope in the Report to ensure consistency with our findings.
